

“In an effort to keep our city looking beautiful and to continue to require citizens and businesses to follow the city’s code, we often bid out jobs to be done for various code violations. We welcome more contractors to take the opportunity to work with Code Enforcement to address tall grass, trash and dilapidated structures,” Clinton Johnson, director of planning and development.

Those interested in bidding on any job opportunity should visit City Hall, submit a w-9 and fill out the necessary paperwork. Currently, the city has three open bids for mowing violations as well as a abating a cesspool.

The properties needing bid are 1203 W. Keetoowah, 901 S. College Ave. and 2373 W. Choctaw. Each will need mowed and the Choctaw property needs mowed and standing water removed.

All future bid opportunities are available upon request at City Hall located at 111 S. Cherokee Ave. For more information call 918-456-0651 ext. 2225 or email [compliance@cityoftahlequah.com](mailto:compliance@cityoftahlequah.com).
